

OCTOBER 26th is STEWARDSHIP SUNDAY

Stewardship Sunday is a special time for each one of us to evaluate our commitment of resources to North Shore Congregational Church. Plan to be in attendance on October 20th for some Blue Grass music, a special message, and fellowship, including bratwurst, after worship. That extraordinary Sunday will be our opportunity to join in offering our Estimates of Giving for the coming year.

You will be receiving an important mailing from the Stewardship Board in the coming days. Please don't ignore the contents. The mailing will describe in greater detail "The Path with a View" that helps us see just how much we have been blessed.

To properly prepare for Stewardship Sunday, we need to consider carefully how we can contribute to the work of the Church. In prayerful reflection, we can seek new and better ways to serve. The amount we contribute in resources directly affects how much we can do for our congregation, our community and our world. What can we do to take our efforts and our giving to a new and higher level? What can we do to be different?

Stewardship is not just about money. The financial affairs of our Church are important, but how we use our time and our talents in Christian service is also an integral part of our stewardship.

Stewardship is not just one Sunday or a one-month campaign. It is a year-round dedication to giving and a full-time appreciation of how much we all have been blessed.

This month, we come together to celebrate all that God has given us and seek new and better ways to put those gifts to work. Our steps of faith will lead us to a stronger commitment to doing the work of our Lord and Savior—a ministry that will change our lives and the lives of others in ways that we do not fully know. Join us in our prayers that we can multiply what we have been given, for the glory of God.
